December 21, 2010

Steven Koski, of Koski Construction, remodeled my condominium in Aspen between October and December, 2010. I was very pleased with his performance, the quality of the final product, and with the smoothness of the project. Steven proved to be very honest – there were no surprises. The entire project-- a complete gutting and rebuild -- took approximately two months and was finished on time and on schedule. I know he saved us thousands of dollars. The project was competitively bid by other contractors and I am glad we decided to go with Koski Construction. I would definitely use him again for any project, and I would highly recommend him to others.

Feel free to contact me if you would like to know more about my experience with Steven.

Sincerely,
