

ARCHITECTS COMMENTS ABOUT KOSKI CONSTRUCTION

To whom it may concern,

Steven Koski was retained by Colorado Ranch Homes, LLC. as the General Contractor to build a 7,200 S.F. Home in Missouri Heights. The Home and Site Work was very well executed. An outstanding Project.... The finished project showed very well and was sold to a very happy new owner. Steven's experience level and attention to detail were key to the success of the project. Further, Steven's organization and communication skills during the construction made my coordination from Florida much easier. I have no reservations in referring Steven for any residential construction services. Please feel free to contact me if you have questions.
